**IMPORTANT NOTICE !**

**NEW VETERINARY ATTESTATION RULE FOR FARMERS TO BE INTRODUCED ON 13<sup>TH</sup> DECEMBER 2023  
WHAT IS CHANGING?**

Changes in legislation, as from 13<sup>th</sup> December 2023, will require all producers selling cattle and sheep for slaughter to have had an annual farm veterinary visit to allow their animals, and/or part of any animal, to be exported out of the UK. The purpose of the new rule is to comply with EU export requirements to verify the absence of notifiable disease and provide general advice on farm biosecurity. Farmers whose holdings are already FARM ASSURED may use the veterinary inspection required for this as their attestation. PLEASE CONTACT YOUR VETS FOR MORE INFORMATION
